HEALTH AND SAFETY POLICY DOCUMENT

STATEMENT OF INTENT

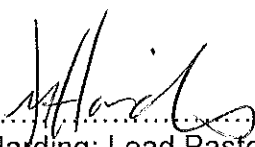

Our Policy, so far as is reasonably practicable, is to provide and maintain safe and healthy working conditions, equipment and systems of work for all our employees, casual labour and voluntary helpers, and to provide such information, training and supervision as they need for this purpose.

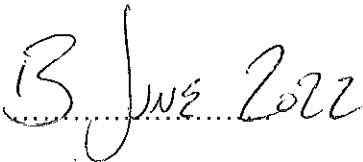

We will also endeavour to ensure, so far as is reasonably practicable, the health, safety and welfare of all members of the congregation, contractors, visitors and all others who may visit the church, church grounds and any associated buildings.

It is the responsibility of all Ministers, and Church Leadership to ensure that the contents of this policy document are carried out and to ensure that safety arrangements within their areas of responsibility are up to date.

This Policy will be kept up to date, particularly in the light of any changes to our buildings or activities. To ensure this, the policy and the way in which it has operated will be reviewed regularly and the appropriate changes made.

In order to ensure that health and safety matters are kept constantly under review, health and safety will be a standing agenda item of all meetings of the Church Session.
